

## **Vacancy setting up English classes and Teacher training**

Kawa Training Center (KTC) is a fully certified and licensed vocational training center which trains unemployed Zanzibari as tour guides. The NGO was founded in 2010 by a number of Zanzibari and Dutch experts in tourism and education. It became operative in 2011.

KTC was founded to bridge the gap between huge unemployment on Zanzibar (about 80%) on the one hand and the struggle of the tourism industry to find well-trained, English speaking staff on the other. Our courses are developed to cater for the needs of the tourism industry and to improve the changes of Zanzibari youth to find work in the tourism sector.

We are looking for someone who is a qualified or near-qualified English teacher to support our team of Zanzibari teachers with setting up our English Language classes and develop and teach a course equivalent to teaching English as a foreign language (TEFL) as well as taking English level tests. The individual volunteers will usually come for a period of **three months** each with an overlap of two weeks between two volunteers. Shorter placements might be possible.
